

## **eBeam Projection Training for PC (Interact 2.0 Software)**

- 1. Download software from [www.adamsbiz.com/gettingstarted](http://www.adamsbiz.com/gettingstarted). Click on the eBeam Interact icon on your desktop, and look for the Desktop Wheel to appear on your desktop.**
  - a. Learn how to access Options, Calibration (remember to calibrate slowly and accurately), Scrapbook, PowerPoint and Annotation Wheels.
  
- 2. Open up the Scrapbook Wheel from the Desktop Wheel.**
  - a. Become familiar with the Scrapbook Wheel (marker, highlighter, zoom, eraser, Text Box).
  
  - b. Bring in a background image:
    - i. Go to Page, Add Image, Browse through your pictures and select an image, Click Open. Annotate over the background image.
    - ii. Bring in an image-based object from the image gallery. Go to the butterfly icon, choose an image from the Image Galleries located on the right of the screen. Add the image to your scrapbook page and handles will appear allowing you to manipulate the image.
    - iii. Capture a screen or a selected area of the screen using the camera.
  
  - c. Go up to the menu bar and click on the different page views (normal, thumbnail, page and full screen). Locate add, delete and clear page as well as coverpage and spotlight.
  
  - d. Playback every page you have created in scrapbook. Go to View, Toolbar, Playback. Push play to see a playback of your pages. **\*File must be saves as .esb for playback feature.**
  
  - e. Share a live web meeting:
    - i. Click on the “Share Meeting” icon. 
    - ii. Type in the meeting name, password, your name, and then click Share.
    - iii. Once connected, click on the finger pointer located on the Scrapbook Wheel.
    - iv. Open up the Participant Window to view participants who have joined.
    - v. Go to Sharing for Permit Annotations and Synchronize Participants.
    - vi. Click on the red stop sign located on menu bar to disconnect the meeting.
  
- 3. Open up your web browser and go to an interactive website (notice the Desktop Wheel follows). Open up the Annotation Wheel from the Desktop Wheel.**
  - a. Begin annotating from the Annotation Wheel (marker, highlighter, shapes and eraser).
  
  - b. Click on the mouse to exit Annotation mode. You can now save the annotations as a new scrapbook page if desired or choose “don’t save” to return to your interactive website.
  
- 4. Open up a PowerPoint Presentation from the Desktop Wheel and navigate through the pages annotating as desired from the PowerPoint Wheel.**

**\*\*Remember to close the software in 2 steps (scrapbook & desktop wheel)!**
